FROM OHIO TO YOU

ASSEMBLED IN OHIO

BUILT TO LAST

Always has been, always will be

The new lineup of Maytag® dishwashers is no exception. The motors are tested to 2X Life.† A 10-year limited parts warranty* comes standard on stainless steel tub models. And each model is designed, engineered and assembled in the U.S.A. with better built parts for the sole purpose of getting dishes clean the first time.

Key features

RELIABLE PARTS FOR A DEPENDABLE CLEAN

The Jetclean® Plus wash system uses long-lasting parts like a 4-blade stainless steel chopper for outstanding performance. Plus, it's powered by a 2X Life† tested motor.

CONTEMPORARY DESIGN WITH STRONG STYLE

The improved design and new streamlined, integrated consoles offer a seamless appearance to match new Maytag brand kitchen suites or any modern kitchen.

AMERICAN DEPENDABILITY

Every Maytag® dishwasher is assembled in the Findlay, Ohio, manufacturing facility, which has a reputation for quality assurance. Plus, all stainless steel tub models include a 10-year limited parts warranty.*

LOOK FOR THESE TAGS THROUGHOUT THE GUIDE THAT GROUP PRODUCT INTO THREE KEY SELLING CATEGORIES:

PROMOTE

This attractively priced product helps bring customers into the store. Good value for the features offered.

SELL

This popular selling model offers the most desirable features at a great value.

MIX

Know the features and benefits of this model, often the top product in its category. Plus, this offers opportunities for attachment sales.

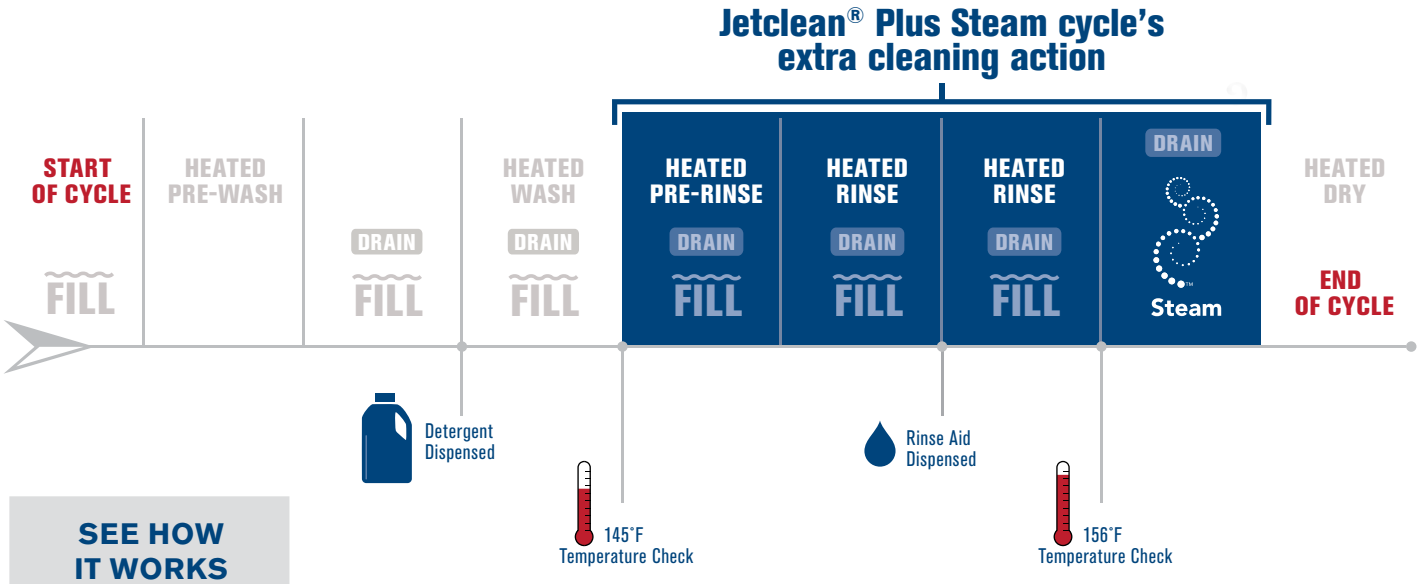
*Visit maytag.com for warranty details. †Twice the life testing based on accelerated 20-year life testing, Normal cycle, average use.

A STRONG START WI

New Jetclean® Plus Steam cycle

This improved, more versatile approach to cleaning heavy soils uses powerful wash actions with the added option of steam to clean dried-on and baked-on food. To accomplish powerful performance, it increases water temperatures at the right time, then adds three rinses and high-heat steam to sanitize, improve cleaning and reduce spots on glassware.

HOW OUR BEST PERFORMING CYCLE WORKS:



SEE HOW IT WORKS

Scan with your smart phone to watch our best performing cycle in action.

TH A STEAMY FINISH

REASONS TO SELL YOUR CUSTOMERS ON THE JETCLEAN® PLUS STEAM CYCLE

- It's Maytag brand's best performing cycle
- Cleans everything from dirty dishes to delicate china and crystal all at once
- Tackles dried-on, baked-on soils like lasagna
- Steam reduces spots and improves cleaning on glassware

EXCLUSIVE COMBINATION OF CYCLES AND OPTIONS

AUTO CLEAN CYCLE
Takes the guesswork out of cleaning. Gauges the soil level of the load, then automatically adjusts temperature, wash time and the number of fills accordingly.

TOUGHSCRUB™ OPTION
Maintains or raises the temperature to 145°F, increases wash time and adds water to power off dried-on, baked-on food.

EXTRA DRY OPTION
Provides 20% better drying performance* by extending the drying time for 20 minutes.

STEAM SANITIZE OPTION
Adds two standard rinses and a third high-heat sanitizing rinse that reduces 99.999% of food soil bacteria, then adds the finishing touch of steam.

TOUGHSCRUB™ PLUS OPTION
Maintains or raises the temperature to 156°F, increases wash time, adds water and incorporates steam as an added attack against difficult food soils.

Sell customers on the Auto Clean cycle that takes the guesswork out of cleaning or the Extra Dry option for better drying performance.

NOTE: Not all features are available on all models.
*Versus Normal cycle with Heated Dry option.

JETCLEAN® PLUS WASH SYSTEM

Attack dirty dishes with a clean conscience

Dependable cleaning built into every dishwasher

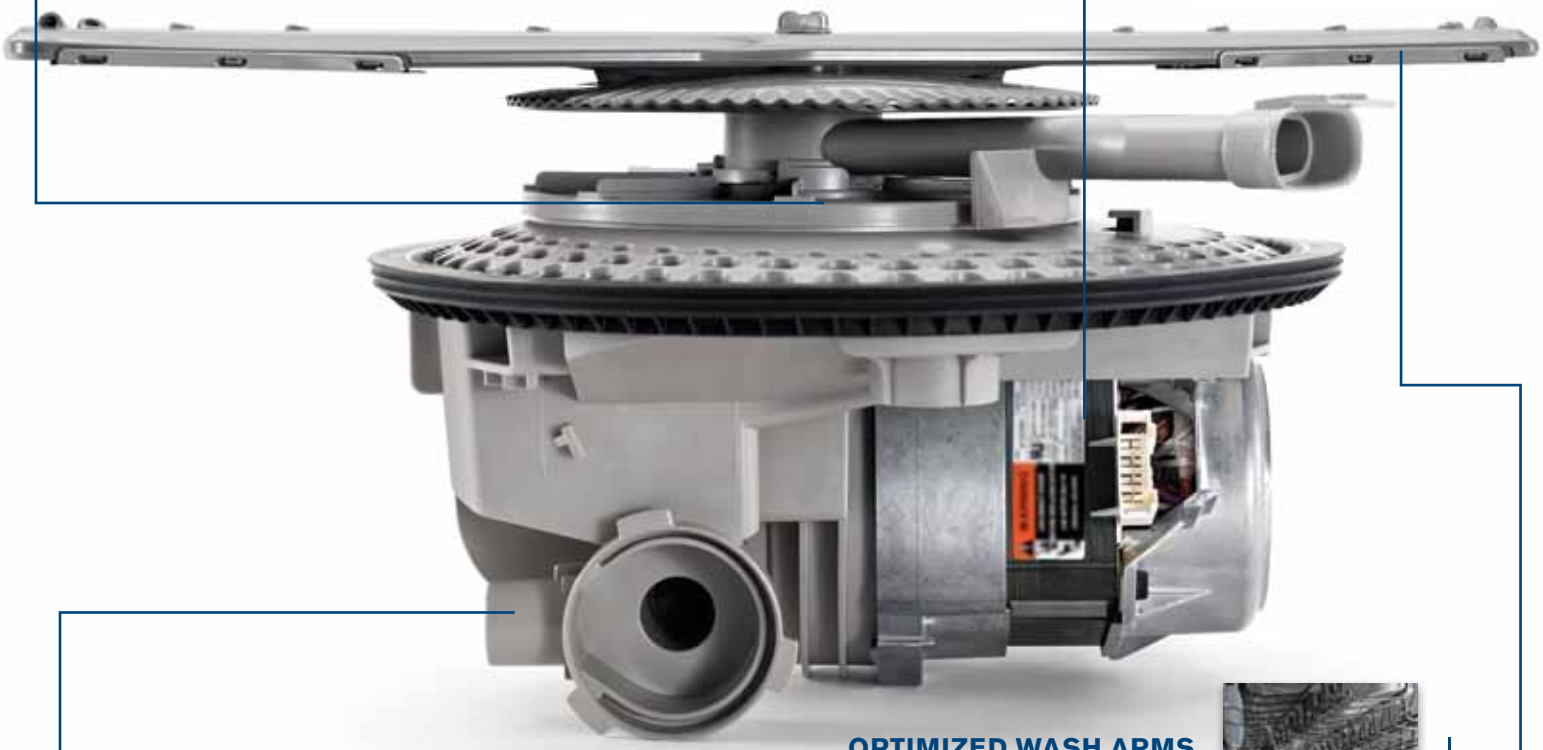
The Jetclean® Plus wash system uses expertly engineered parts to clean a variety of dishes so your customers can load anything at any time. Tell them how all Maytag® dishwashers offer a 4-blade stainless steel chopper, optimized wash arms, auto soil sensor and the industry's most powerful motor available* to provide year after year of dependable cleaning results.

4-BLADE STAINLESS STEEL CHOPPER

This powerful blade **eliminates prerinsing by pulverizing food** at 3,400 rotations per minute. That's nearly twice the speed of a typical sink disposer.

2X LIFE** TESTED MOTOR

The industry's most powerful motor available* has also been tested to twice the average dishwasher life expectancy** to power robust cleaning cycles and deliver years of dependability.



OPTIMIZED WASH ARMS

A combination of three wash arms spray with the power of 25 gallons per minute to **blast away soils from silverware, pots, pans and dishes**.

AUTO SOIL SENSOR

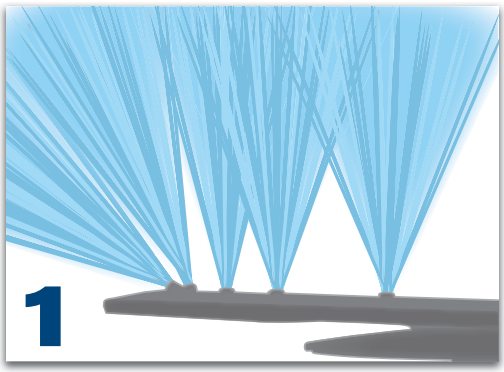
Adjusts the cycle to the appropriate soil level by monitoring water clarity and using the right amount of water for optimal cleaning performance.

*Among leading brands. **Twice the life testing based on accelerated 20-year life testing, Normal cycle, average use.

FOUR-COURSE CLEAN

Step by step: Jetclean® Plus wash system

Customers may wonder how dirty, unrinsed dishes can come out of their Maytag® dishwasher sparkling clean. Use the graphics below to answer questions about how efficiently the Jetclean® Plus wash system powers off, grinds up and eliminates virtually all food particles.



SPRAY JETS

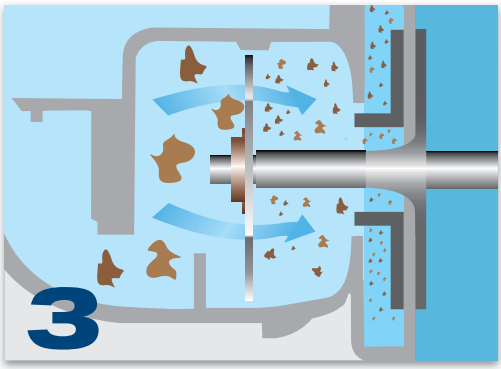
Sprays with the power of 25 gallons per minute between the upper, middle and lower wash arms to power off food particles from all types of dishes.

MAINTENANCE-FREE FILTERS

Eliminates prerinsing by capturing particles as water enters the sump so residual food can be chopped and flushed away.

SEE HOW IT WORKS

Scan with your smart phone to experience the power of the 4-blade stainless steel chopper.



4-BLADE CHOPPER

Pulverizes stored food at 3,400 rotations per minute to keep specks off dishes and prevent particles from clogging the wash system and spray jets.

DRAIN

After the cycle is over, water and finely chopped food particles are flushed out of the dishwasher and down the drain leaving nothing behind but sparkling dishes.

ASK	TELL	SELL
• How often do you prerinse dishes before loading them in your current dishwasher? • How important is having a dishwasher with no filters to clean?	The Jetclean® Plus wash system offers customers optimal cleaning results and saves them water, energy and time by eliminating the need to prerinse. High-pressure spray jets remove tough food particles, while a stainless steel 4-blade chopper pulverizes food captured by the maintenance-free filter that never needs cleaning.	Available on all Maytag® dishwashers

The Jetclean® Plus wash system is designed with better built parts to outperform expectations

NUMBERS YOU CAN COUNT ON

Maytag brand builds dishwashers with parts designed to deliver long-lasting performance. The test results below prove the cleaning and drying power of the Jetclean® Plus wash system built into every Maytag® dishwasher.

HOW THE ASSOCIATION OF HOME APPLIANCE MANUFACTURERS SETS STANDARDS

AHAM test standards provide a score of 1 to 100, with 100 representing no visible food soils on any item. Tests use a minimum of 10 place settings and serving pieces covered with 13 sticky, staining and greasy foods (like eggs, oatmeal, peanut butter, etc.) that are air dried for 2 hours. This testing ensures all dishwashers are evaluated fairly for a true side-by-side comparison of dish and silverware wash scores. See the chart below to see how Maytag® dishwashers performed in our internal testing.

MAYTAG® MODEL	12 PLACE SETTING	ACTUAL SCORE
	Dishware AHAM wash test	87.50
MDB8959SA	Silverware AHAM wash test	92.70
	Drying test*	71.98

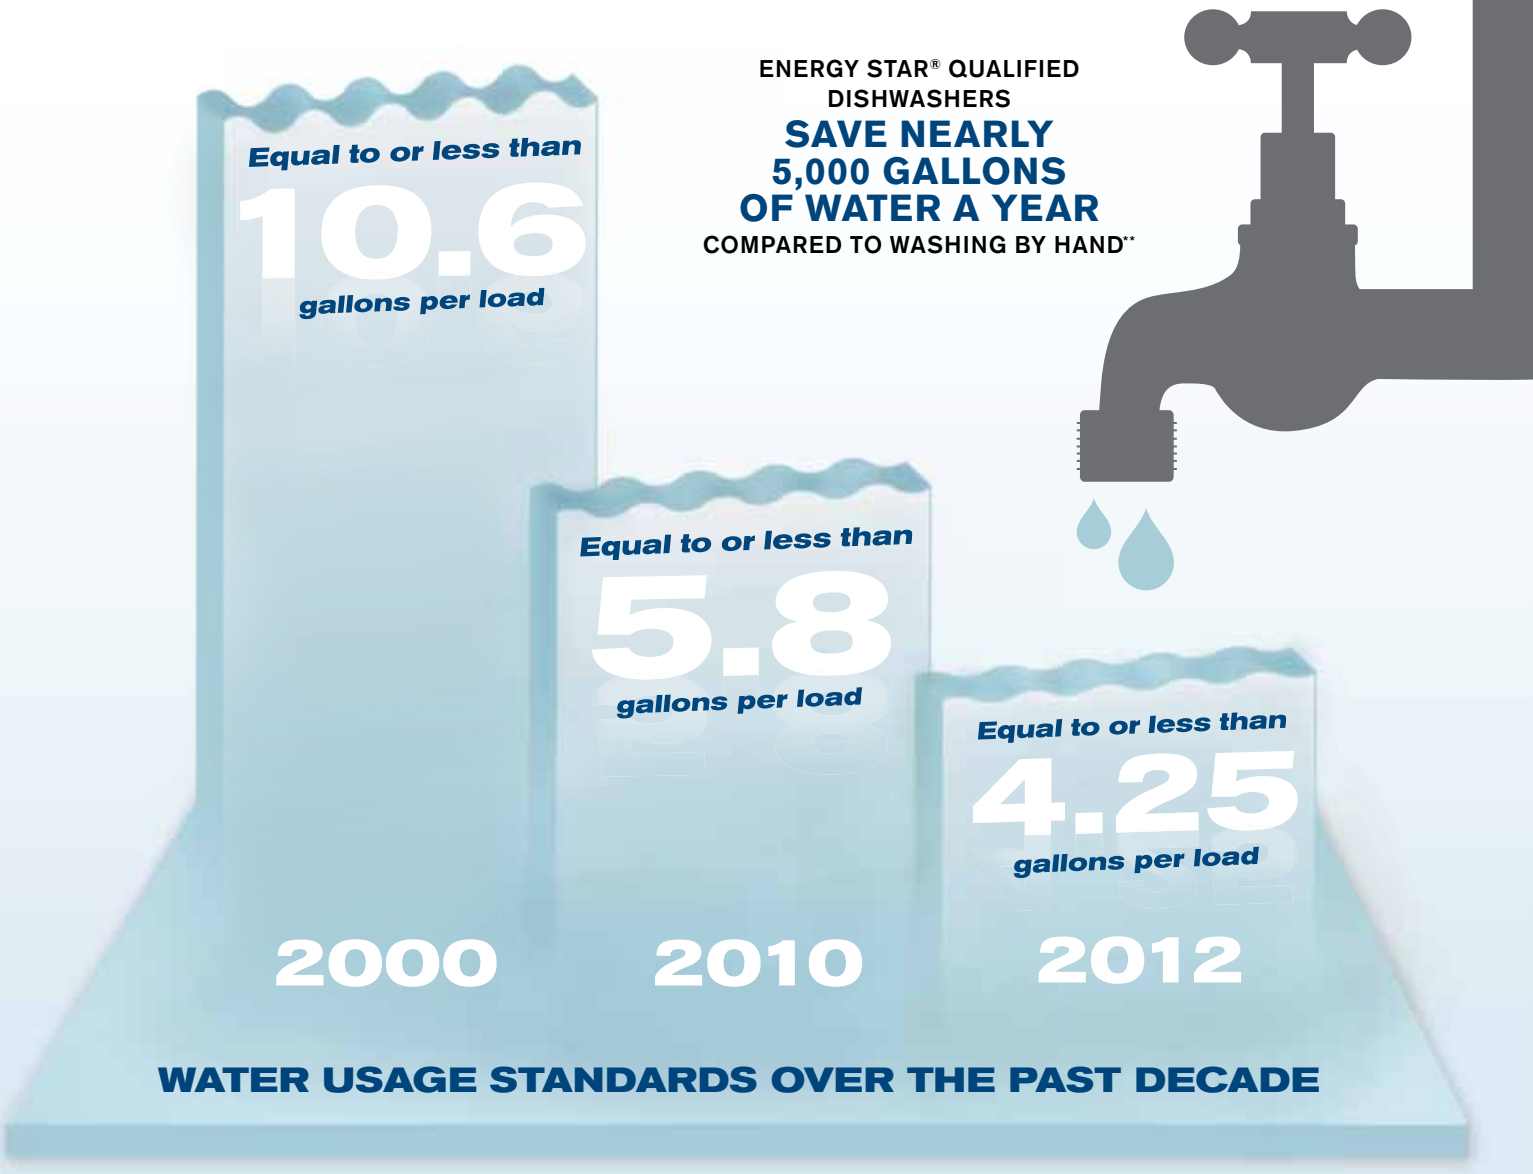
WASH SYSTEM COMPARISON

	MAYTAG BRAND	BRAND F	BRAND G	BRAND S	BRAND B
Wash system	4-blade stainless steel chopper	2-blade chopper	2-blade chopper	2-blade chopper	Filter

*Drying scores are based on internal testing.

ALL MAYTAG® MODELS MEET 2012 ENERGY STAR® STANDARDS

Maytag brand has always offered ENERGY STAR® qualified dishwashers and the new 2012 lineup continues the trend. The chart below compares water usage standards from over a decade ago to today. Let customers know that all 2012 Maytag® dishwashers save water and energy while providing excellent cleaning results.

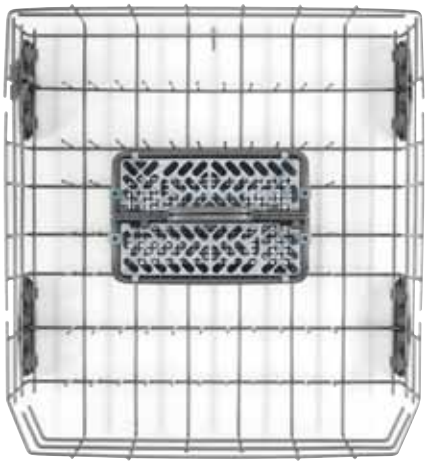


WHAT DO THE NEW STANDARDS MEAN?

LEARN MORE AT energystar.gov

The new lineup of Maytag® dishwashers uses less than half the water of models consumers purchased over ten years ago. Maytag brand's efficiency and innovation have continually advanced to not only clean better, but also helps save even more money on utility bills. In the last two years alone, Maytag® dishwasher water usage has been reduced by over 25%.†

**Energystar.gov. †Calculated with water usage standards of 5.8 GPL in 2010 and 4.25 GPL in 2012.



Provides countless loading options in the lower rack

HERE, THERE AND EVERY WARE

Now silverware can go just about anywhere. The Split & Fit™ silverware basket can be put together or separated to be arranged in countless lower rack locations. It accommodates almost any loading situation for more ideal cleaning in fewer loads.

SEPARATES TO FIT ALMOST ANYWHERE

FITS BACK-TO-BACK

NOTE: Not all features are available on all models.

More options for more FLEXIBLE LOADING

CONVENIENCE BUILT INTO BOTH RACKS

The tiered upper rack creates enough room in the upper and lower racks to load it all. Maytag® dishwashers **clean two 9" x 13" pans in the bottom rack and 10" plates in the upper rack in the same load.*** This flexible design allows customers to serve lasagna, then wash all the dishes and bakeware at one time!

DISCOVER THE ADVANTAGE

Scan with your smart phone to learn about the advantages of the tiered upper rack.

DURAGUARD® NYLON RACKS

These heavy-duty racks have rounded tips to **help protect dishes from scratches and damage** while also resisting rust.

NEW ADJUSTABLE UPPER RACK

This convenient upper rack **creates more space for tall and odd-shaped items** by adjusting 2" up or down with preset positions. An improved wheel design makes taking the rack out for adjustment simple.

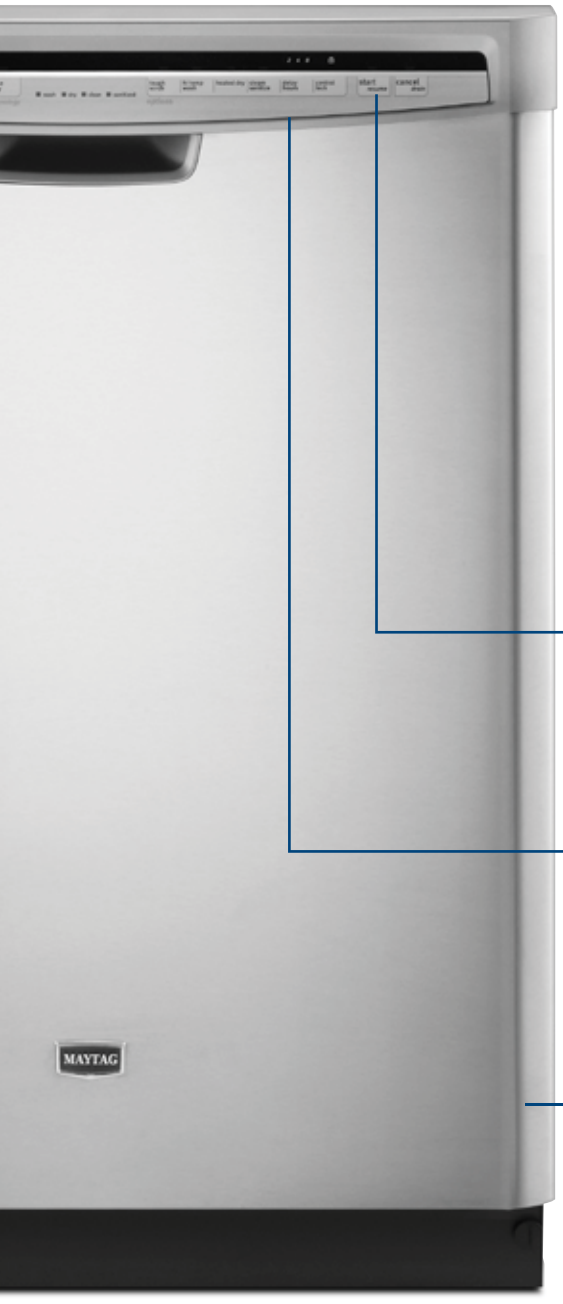
NEW PREMIUM ADJUSTABLE UPPER RACK

Improved to allow 100% usable space, push button adjusters eliminate the need to remove the upper rack when adjusting it 2" up or down to fit tall or odd-shaped items.

NOTE: Not all features are available on all models.
*When tiered upper rack is in the lower position.

MODERN DESIGN PROS AND CONSOLES

Maytag brand dishwashers offer a strong design that pairs modern style and cutting edge functionality with advanced features like fully integrated electronic controls and 2½" virtually flush consoles. Plus, the new handles offer a contemporary look that accents any kitchen.



MDB7749SAM

FULLY INTEGRATED CONTROLS

A hidden control panel provides a modern exterior that also prevents unwanted cycle changes.

IMPROVED HANDLE THAT MATCHES NEW MAYTAG BRAND KITCHEN SUITES

EASY-TO-USE PUSH BUTTON CONTROLS

REDESIGNED 2½" CONSOLE

The sleek, redesigned door boasts a smooth exterior that's easy to clean.

NEW STREAMLINED, CONTEMPORARY LOOK

MDB7759SAS

DID YOU HEAR?

Maytag brand dishwashers have lower dBAs*

Maytag® dishwashers have been engineered with parts that work together smoothly and distribute water to targeted wash zones with less operational noise. Plus, each cycle has been calibrated to ensure your customers' kitchens stay peaceful.

QUIETSERIES™ SOUND PACKAGES

The QuietSeries™ sound packages **reduce operational noise** and feature specially designed sound absorbers for quiet operation **as low as 50 dBA**.

NEW OPTIMIZED MOTOR

By providing the right amount of spray power needed for each cycle, the optimized motor **helps reduce sound**.

BLANKETS, INSULATION AND MORE

Specialized blankets, door insulation, access panel insulation and a sound dampening outer material help **keep noise inside the tub** and **block it from disrupting the kitchen**.

NOTE: Not all features are available on all models.
*Compared to previous Maytag brand dishwasher lineups.

30 DAY QUIET GUARANTEE

Valid through 12/31/12. Visit maytag.com for details.

CLEAN YOU CAN COUNT ON

If your customers aren't completely satisfied that their new Maytag® dishwasher is quieter than their previous model, Maytag brand will take it back within 30 days of the date of purchase and **refund the full price**.

Have customers call 1-800-253-1301 to take care of the details. **There are no extra trips to the store for them or hassles for you**.

The 30-day Quiet Guarantee is available on Maytag® stainless steel tub models. Check the specifications (pg. 17) to see which models qualify.

10-YEAR LIMITED PARTS WARRANTY

on all stainless steel tub models*

Maytag brand backs the most heavily used components of its dishwashers. The 10-year limited parts warranty* takes a load off your customers' minds by providing up to $600** worth of protection.

4-BLADE STAINLESS STEEL CHOPPER

NYLON RACKS

100% STAINLESS STEEL TUB

10 YEAR LIMITED PARTS WARRANTY

RACKS • CHOPPER BLADE • STAINLESS STEEL TUB

Visit maytag.com for warranty details.

SELL THE VALUE OF MAYTAG BRAND

Use this information to help close the sale on Maytag brand dishwashers.

- Warranty coverage may be an afterthought for some, but to Maytag brand customers the manufacturer's warranty is an important purchase factor
- Use the Maytag® 10-year limited parts warranty* to close the sale by explaining these parts offer up to $600 in value**

MAKE SURE THEY KNOW

MAYTAG BRAND HAS THEIR BACK!

*Visit maytag.com for warranty details. **The dealer alone has discretion to determine both the advertised price and the retail sales price. MSRP is manufacturer's suggested retail price and may not necessarily be the price at which the product is sold in the consumer's trade area. Trade customers alone determine actual advertised and selling prices, and are responsible for complying with all laws relating to the use of MSRPs in advertising and selling products to consumers.

INNOVATIONS FROM OHIO TO YOUR FLOOR

No other manufacturer has produced dishwashers with fewer repairs than the models assembled by our plant in Findlay, Ohio.† That's because every unit is tested for repeated use with a 100% functional test and quality assurance sampling to meet UL Certification testing before hitting your sales floor.

GOOD, BETTER AND BEST TUB INTERIORS

WHITE PLASTIC TUB

Great for customers who want an affordable option that will stand the test of time and provide long-lasting durability.

ARMOR PLASTIC TUB

The Armor gray color helps reduce the appearance of stains to keep the dishwasher looking clean longer.

100% STAINLESS STEEL TUB

This interior not only looks great and resists corrosion, it also delivers premium drying performance by providing higher heat retention.

†According to a leading consumer magazine, 2011.

STAY IN TOUCH

with the cycles & options

Model shown: MDB8959SAS

CYCLE/OPTION	DISH LOAD TYPES	TIME* (H:MM)	USE WITH (CYCLE/OPTION)	DESCRIPTION
Auto Clean cycle	All	1:30	ToughScrub™, ToughScrub™ Plus, Hi Temp Wash, Heated Dry, Steam Sanitize and Extra Dry options	Senses the load size, soil amount and toughness of soil to achieve the best cleaning with minimal water and energy.
Jetclean® Plus Steam cycle	Tough / Baked On / Heavy	2:15	ToughScrub™, ToughScrub™ Plus, Hi-Temp Wash, Heated Dry, Steam Sanitize and Extra Dry options	For the toughest loads of hard-to-clean, heavily soiled pots, pans, casseroles and regular tableware.
Normal cycle	Light / Medium / Heavy	1:35	ToughScrub™, ToughScrub™ Plus, Hi-Temp Wash, Heated Dry, Steam Sanitize and Extra Dry options	Senses the soil level and makes adjustments in the water and energy used.
Light cycle	Light / Medium	1:10		Use for lightly soiled items. Uses heated dry option.
Quick Wash cycle	Light / Medium	0:35	Heated Dry and Extra Dry options	Cleans your dishes using slightly more water and energy for faster results. Select the heated dry option for improved drying.
Rinse Only cycle	All	0:20		Rinses dishes, glasses and silverware that will not be washed right away. Use without detergent.
ToughScrub™ option	Tough / Baked On / Heavy	0:10	Auto Clean, Jetclean® Plus Steam and Normal cycles	Adds heat, water and wash time to the cycle.
ToughScrub™ Plus option	Tough / Baked On / Heavy	0:30	Auto Clean, Jetclean® Plus Steam and Normal cycles	Adds heat, water, wash time and steam to the cycle.
Hi-Temp Wash option	Tough / Baked On / Heavy	0:10	Auto Clean, Jetclean® Plus Steam and Normal cycles	Increases the target water temperature during the wash portions of the cycle and adds heat, time and water.
NSF Certified Sani Rinse option	All		All cycles except Light and Rinse Only	Raises the water temperature in the final rinse to approximately 155°F (68°C).
Heated Dry option	All	0:45	In combination with rinse aid for Auto Clean, Jetclean® Plus Steam, Normal, Light and Quick Wash cycles	Improves drying results. Should not be used with plastic that's sensitive to higher temperatures.
Steam Sanitize option	Loads with dishes and glassware	0:30	Auto Clean, Jetclean® Plus Steam and Normal cycles	Raises the water temperature in the final rinse to approximately 154°F (68°C) to sanitize dishes and glassware.
Extra Dry option	Loads requiring extra drying	1:30	In combination with rinse aid for Auto Clean, Jetclean® Plus Steam, Normal, Light and Quick Wash cycles	Adds 20 minutes of drying time. Should not be used with plastic that's sensitive to higher temperatures.
Delay option	All	2, 4 & 8 hours	All cycles	Delays the start of any cycle up to 8 hours.
Control lock option	All	n/a	All cycles	Disables all buttons during a cycle.

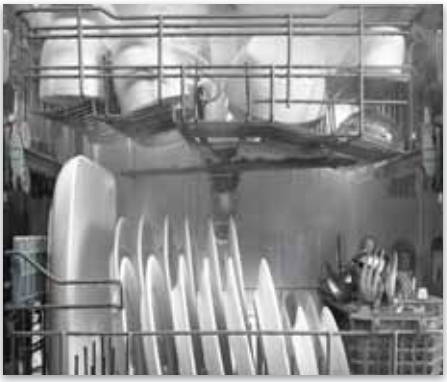
SALES DEMOS & TALKING POINTS

NYLON VS. VINYL RACKS

Press your fingernail firmly into the nylon rack and notice how it doesn't indent because the coating is designed to protect dishes. Now do the same to a vinyl rack and feel the difference.

4-BLADE STAINLESS STEEL CHOPPER

Compare the 4-blade chopper to an angled lawn mower blade. Explain how the blade covers the entire sizing plate to pulverize 100% of all waste entering the filter, saving time by eliminating prerinsing.



TIERED UPPER RACK

Show how a 10" plate** fits in the upper rack on the right side and how two 9" x 13" pans fit vertically in the lower rack on the left side. Explain how even without adjusting the upper rack, your customers can still enjoy the benefit of both lower and upper rack heights because of the tiered upper rack.

NOTE: Not all features are available on all models.

*Cycle times listed are an average without any options selected. Option times listed are average time added to cycle. Check Use & Care Guide for details. **When tiered upper rack is in the lower position.

THE TOTAL PACKAGE

Sell customers a Maytag® kitchen suite with 10-year limited parts warranties.* It's perfect for those looking to surround themselves with the most comprehensive appliance coverage available so they can cook, clean and cool with confidence.
